DON'T JUST SCROLL

EXPLORE EVERY CORNER

**My complete project journeys, creative processes,
and executions that can't be captured in a single slide.**

Explore Slide 82 and follow the project links provided
to truly experience the depth of my work.

WHO I AM

I'm Mohammed Najeeb, a passionate and versatile graphic designer with over 10 years of professional experience and a Bachelor's degree in Graphic Design. Throughout my career, I've worked with some of the leading digital agencies in the UAE and India, collaborating directly with account managers, photographers, web developers, and marketing teams to bring ideas to life.

My creative skill set covers a wide range from branding, social media designs, print collaterals, GIF and brand videos, banners, PDF presentations and more. I've had the opportunity to work across diverse industries like medical, food, real estate, jewelry, electronics, and beyond. I'm also fluent in Arabic reading and typing, adding an extra edge when working on region specific content.

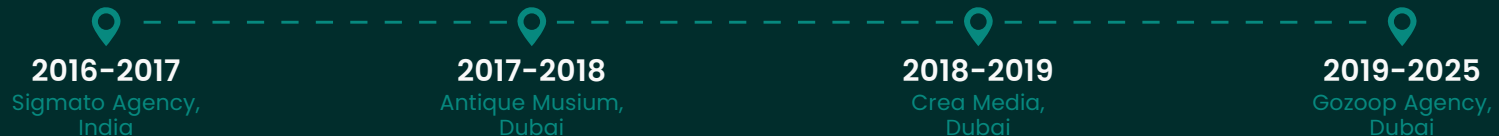

My strength lies not just in creating beautiful designs, but in crafting effective communication that resonates.

MY JOURNEY

My design journey began with a curiosity how ideas transform into visuals that communicate. That curiosity evolved into passion, and eventually, a career spanning over a decade. After earning my **Bachelor's in Graphic Design from Annamalai University**, I started at an Agency in India, learning client handling, layouts, and brand identity the building blocks of my creative confidence. In 2017, I moved to Dubai and joined Antique Museum as a graphic designer, where I learned how culture influences commercial design, creating branding and print collaterals for retail and exhibitions.

My big break came in 2018 at Crea Media, a fast-paced digital agency in Dubai. For two years, I worked across sectors like real estate, F&B, electronics, and jewelry crafting social media content, brand visuals, and creative campaigns that drove results. This sharpened my speed, versatility, and real-time design execution. In 2019, I joined Gozoop Dubai as a senior designer. Over five years, I worked with major clients like Samsung, Aster, and Mashreq Bank collaborating with account managers, marketers, developers, and photographers. Beyond design, I managed teams, presented ideas, and led strategic campaigns

Every experience added depth to my skills and strengthened my belief in design as a tool for impactful storytelling.

TOOLS THAT TALK

SCROLL ON

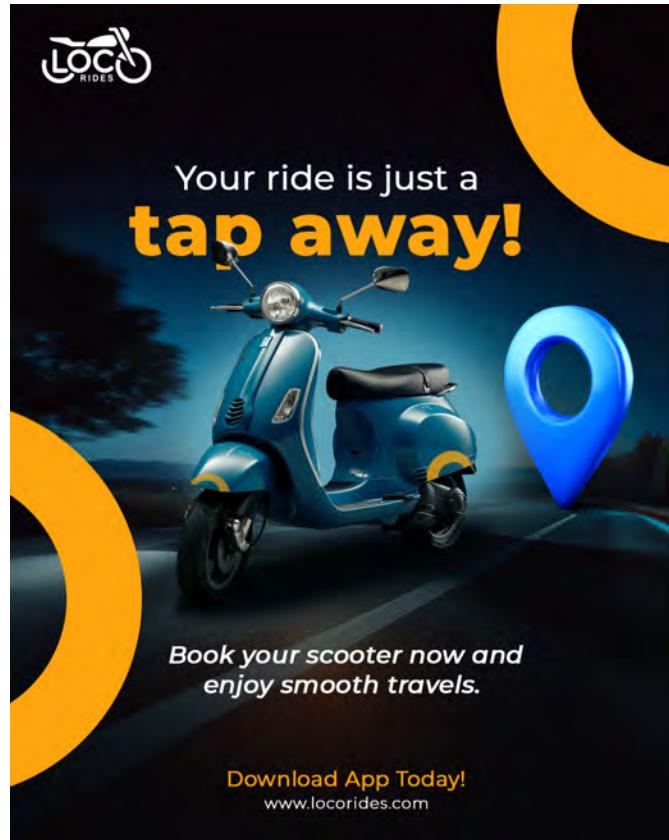

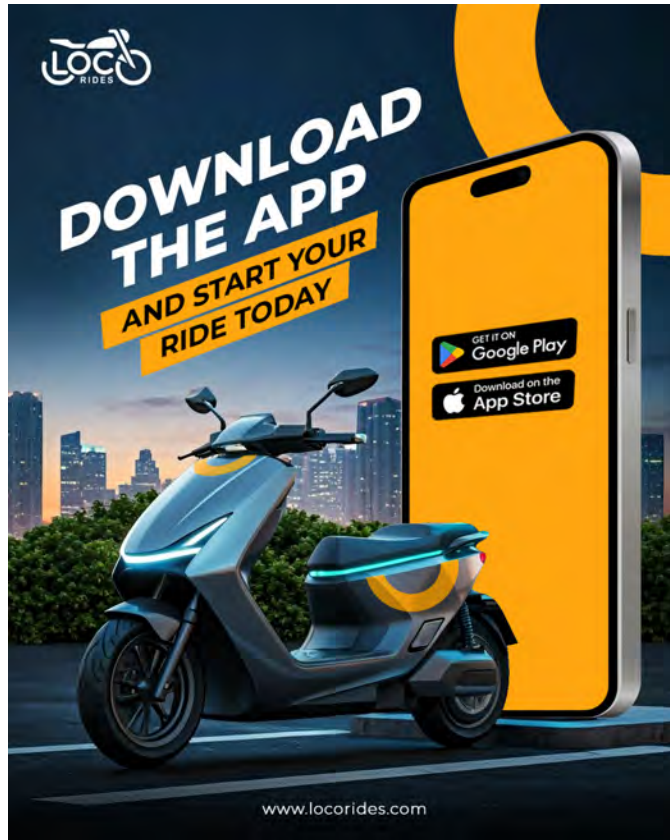

to explore my creations!

Beecool
Feel the chill.
Anywhere. Anytime.
Beecool Mist Fan

A camel is shown in a desert setting, looking towards a Beecool Mist Fan. The fan is a large, black, oscillating model with a blue base. The background is a warm, golden desert scene with sand dunes and a bright light source, possibly the sun or moon, creating a hazy atmosphere.

Beecool
Scorching 50°C Outside?

A man is shown lying in bed, looking comfortable and happy, with his arms raised in a 'victory' gesture. He is surrounded by Beecool fans, including a large oscillating fan and a smaller desk fan. A thermometer on the right side of the image shows a temperature of 50°C, indicating the heat outside. The room is dimly lit, suggesting it's nighttime or early morning. The overall scene conveys a sense of relief and comfort from the heat.

Chill with Beecool Inside.
Beat the Heat in Style.

Beecool

**Scorching
50°C Outside?**

Chill with BEECOOL Inside.
Beat the Heat in Style.

An advertisement for Beecool fans. The background is a dark blue sky with a city skyline, including the Burj Khalifa, under a sunset or sunrise. In the foreground, three Beecool fans (two standing and one smaller one) are placed on a large, melting ice block. A thermometer to the right shows a temperature of 50°C. The text 'Beecool' is at the top left, followed by 'Scorching 50°C Outside?' in large, bold letters. Below that, it says 'Chill with BEECOOL Inside. Beat the Heat in Style.'

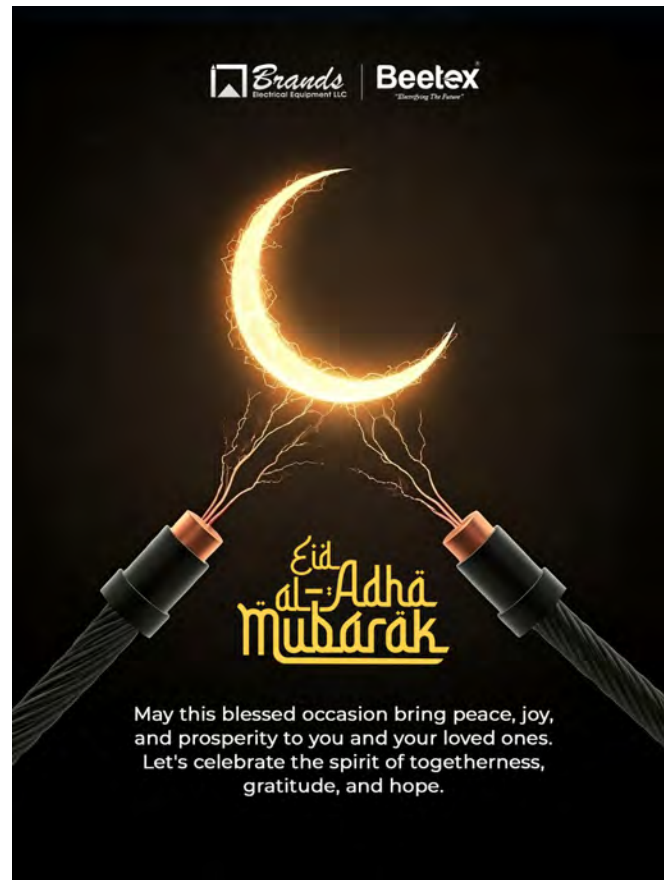

Beecool

**Scorching
50°C Outside?**

Chill with BEECOOL Inside.
Beat the Heat in Style.

An advertisement for Beecool fans. The background is a bright, hazy sky with a city skyline, including the Burj Khalifa, under a sunset or sunrise. In the foreground, three Beecool fans (two standing and one smaller one) are placed on a sandy surface. A thermometer to the right shows a temperature of 50°C. A man in a blue shirt and jeans is sitting on the sand, looking distressed and holding a blue cloth to his forehead. The text 'Beecool' is at the top left, followed by 'Scorching 50°C Outside?' in large, bold letters. Below that, it says 'Chill with BEECOOL Inside. Beat the Heat in Style.'
